Designed with your goals in mind, Endless Pools strives to provide the best experiences, the highest quality, and the latest technology with products that transcend the idea of what home fitness and fun can be.

FUN & FITNESS LIKE YOU'VE NEVER EXPERIENCED

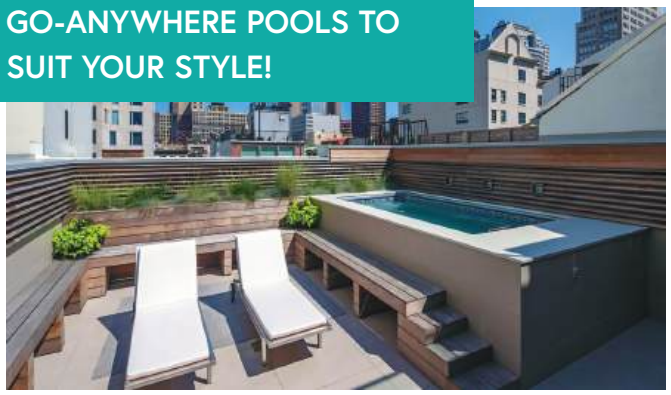

Swim, splash, relax, recover – all year round, in your convenient and compact Endless Pool. The possibilities for exercise, family fun, and entertaining, are limited only by your imagination.

UPGRADE YOUR HOME & YOUR HEALTH

You weigh your home and lifestyle investments with care, and Endless Pools provides exceptional value for both, with products that exceed your expectations for value, versatility, and ease of use.

GO-ANYWHERE POOLS TO SUIT YOUR STYLE!

Our smart-sized pools are designed to enhance nearly any space in your home, indoors or outdoors. Their unique, modular design makes installation a breeze, even in small, hard-to-reach areas where you never imagined a pool could go.

Do not leave children unattended or unsupervised when using Endless Pools products.

Modular Pools

Your Pool, Your Way

ENDLESS POOLS MAKES IT POSSIBLE

Our modular pools blend flexibility, practicality, and innovation. Engineered with smart-sized components that can be easily transported through doorways and stairwells, our pools can be assembled indoors or outdoors. They seamlessly integrate into basements or pool rooms, and enhance patios or small outdoor spaces.

Thoughtfully designed to provide comfort & functionality, our pools are sized to fit your space and needs, and can be personalized with a range of innovative options. Use our Endless Pools skirting and coping to finish your project, or incorporate your own materials to complement your design aesthetic. Pair Hydrodrive with a range of fitness and lifestyle accessories including our underwater treadmill, mirrors, rowing kit, and aquabike.

Our products provide all the fun, fitness and relaxation you're looking for, without the fuss. They require less water, less space, and less chemicals than traditional pools, and can be kept at a comfortable temperature for year-round enjoyment.

Hydrodrive™ Technology

A LEGACY OF INNOVATION

In 1988, Endless Pools' developed Hydrodrive Technology, launching the swim in place movement. For over three decades, we've remained the clear leader in aquatic fitness. Generating a current that's remarkably smooth, wide, and fully adjustable, Hydrodrive propels water forward without turbulence, creating low-impact resistance that allows for continuous swimming without turns, and provides better, more effective options for training, therapy, and family fun.

HYDRODRIVE™

Our original, best selling Hydrodrive adds versatility & function that goes beyond what an ordinary pool can do. Hydrodrive provides a smooth current with minimal turbulence, suitable for all levels of swim and fitness. Add a low-impact boost to exercise, therapy, and family fun! Available in our Original Pool.

HYDRODRIVE™ PLUS

For serious swimmers and fitness enthusiasts seeking higher performance, the Endless Pools Hydrodrive™ Plus is our most popular pool upgrade. It delivers a smoother, wider, deeper, and more powerful current that's ideal for more serious training. Raise the bar with the Hydrodrive Pro, available in our Performance Pool.

HYDRODRIVE™ PRO

With nearly twice the output volume of our original Hydrodrive current, Hydrodrive™ Pro is our fastest, most powerful option and the top choice of competitive swim programs. Elite athletes demand the best and Endless Pools delivers with this unrivaled training tool, used by Olympic gold medalists in Triathlon and Swimming. The Hydrodrive Pro is available in our Elite Pool.

Streamline® Technology

Our Streamline technology was designed to generate a smooth, airless current at a budget-friendly price. Our Streamline Pool Package includes an integrated cover, 4,000 watt heater, and everything you need for fitness, fun, and aqua-therapy in a compact space. With its affordable price and simple maintenance, the Streamline makes it easy to say "yes" to pool ownership.

Do not leave children unattended or unsupervised when using Endless Pools products.

Waterwell® Plunge Pool

Our compact plunge pool offers the quality, versatility, and innovation of Endless Pools, without a current. Take a dip, entertain the kids, and enjoy some pool-based exercise or therapy - all from the comfort of home. This low-cost, low-maintenance, compact pool can be installed virtually anywhere providing aquatic fun and fitness with less hassle and expense.
