ENDLESS™ POOLS

Smart Pools, Endless Possibilities.

PRODUCT INTRODUCTION GUIDE

Reimagine What A Pool Can Do

ENDLESS™ POOLS DELIVERS MORE

For over three decades, swimmers, athletes, and active families have turned to Endless Pools to make their dreams of pool ownership a reality. Since pioneering the first swim-in-place current in 1988, we've continued to push the boundaries with versatile, low-maintenance products that offer innovative features and functionality in a flexible footprint. Customize one of our modular pools to fit your space and style or opt for the convenience of our all-in-one swim spas, and create your perfect environment for swimming, fitness, and fun!

Do not leave children unattended or unsupervised when using Endless Pools products.

Why Endless™ Pools?

POWER WELLNESS WITH SMART INNOVATIONS

At Endless Pools, technology is at the core of everything we do. With cutting edge engineering, like our revolutionary Hydrodrive™ current, our products provide the ultimate experience for swimmers, fitness enthusiasts, and active families.

CHOOSE OPTIONS THAT SUIT YOU

Choose a sleek, all-in-one swim spa, or install a modular pool where other pools simply can't go. With or without a swim current, you'll appreciate less water and chemical use, warm temperatures, and a cost-effective, all-season pool that adapts to your needs.

HAVE FUN, STAY ACTIVE, AND RELAX

Our swim spas and modular pools deliver optimal functionality, whether you're training for the next competition, enjoying low–impact exercise and swimming, relaxing in soothing water, or enjoying family time with the kids!

Do not leave children unattended or unsupervised when using Endless Pools products.

UPGRADE YOUR HOME AND HEALTH

With Endless Pools, you're not just investing in your home — you're enhancing your health and lifestyle. Our technology is designed to adapt to your evolving needs, ensuring you enjoy the benefits of your pool for years to come.

Behind The Performance

HYDRODRIVE™ CURRENT SYSTEM*

Endless Pools' mission to be the premier option for at-home aquatic fitness began with Hydrodrive™ Technology. The initial concept was simple: Swim-in-place in a compact space at a pace you can control. That idea sparked a prototype for Columbia University's swim program over 35 years ago. Today, we've advanced Hydrodrive to become the premiere option for swim training, earning accolades from elite coaches and contributing to multiple gold medal performances.

While still a top choice of athletes, the versatile, adjustable current suits all swim levels, from minnow to master. Beyond swimming, Hydrodrive has been adapted for all types of wellness goals, from at-home aquatic fitness and resistance cross-training, to water-based therapy, recreation and more. We've engineered three levels of Hydrodrive Technology for you.

Hydrodrive™
Our best-selling original current provides a smooth flow with minimal turbulence and is suited to all levels of swim and fitness. Available in E-Series swim spas and modular pools.

Maximum Pace: 1:14/100 m (1:08/100 yd)

Hydrodrive™ Plus
Hydrodrive Plus is our most popular pool upgrade. It delivers a smoother, wider, deeper and more powerful current ideal for more serious training.

Maximum Pace: 1:11/100 m (1:05/100 yd)

Hydrodrive™ Pro
With nearly twice the output volume of the original, our fastest, most powerful current is the top choice of competitive athletes.

Maximum Pace: 0:56/100 m (0:51/100 yd)

Whether your intent is to practice swim strokes or to simply enjoy moving water for relaxation and play, Endless Pools offers current options for many price and activity levels.

*Available in select Endless Pools swim spas and modular pools

Choose from two distinct Endless™ Pools product lines

Our swim spas and modular pools each have unique features designed to address specific installation needs, design, and feature preferences.

Both include or can be outfitted with a current, and numerous fitness and lifestyle accessories.

Swim Spa

READY TO PLAY

Endless Pools all-in-one, fully assembled swim spas combine easy installation, best-in-class product design, and the comfort and convenience of integrated hot tub features. They offer a versatile range of swim current options to suit most swim levels, and countless features for relaxation, fitness and family fun. Built with premium materials, including a molded acrylic vessel and durable all-season cabinet, our swim spas set the bar for quality construction, design sophistication, and usability.

Do not leave children unattended or unsupervised when using Endless Pools products.

R220 swim spa shown with Alpine White shell and Gray cabinet.

Inground modular Performance Pool with Hydrodrive™ Plus

Modular Pool

BUILT YOUR WAY

Assembled on-site by you or your contractor, modular pools fit in the most surprising places, indoors or outside, and are customizable to complement your style. They are constructed from parts that are easily maneuvered through doorways and stairwells, including a steel frame, sturdy acrylic, and a heavy-duty liner. Modular pools are engineered for maximum installation and design flexibility, and can fully integrate Hydrodrive™ Technology for the ultimate swim experience.

Which Endless™ Pool is right for you?

Both swim spa and modular pool product lines offer a wide range of models to suit just about any space, lifestyle, and budget.

Consider where you intend to put your pool and how you'll use it to help determine which product is best for your needs.

Swim Spas

TOTAL BODY WELLNESS

Our swim spas are designed to enhance lifestyles with active family fun, relaxing hydromassage, and versatile fitness capabilities.

E-SERIES WITH HYDRODRIVE™ TECHNOLOGY

For those who want our best current paired with premium features, our top-of-the-line E-Series swim spas feature our Hydrodrive™ current, comfortable spa seating, relaxing massage jets, stunning LED lighting, and premium design throughout.

Four models from 458 cm (15 ft) to 610 cm (20 ft) lengths.
E2000, E700, E550, E500

X-SERIES WITH SWIMCROSS® TECHNOLOGY

Balancing fitness and family, our versatile X-Series is a smart investment for swimming, exercise and fun. These swim spas feature our SwimCross current technology, for a superior jetted swim and low-impact resistance training, plus massage jets for recovery and relaxation.

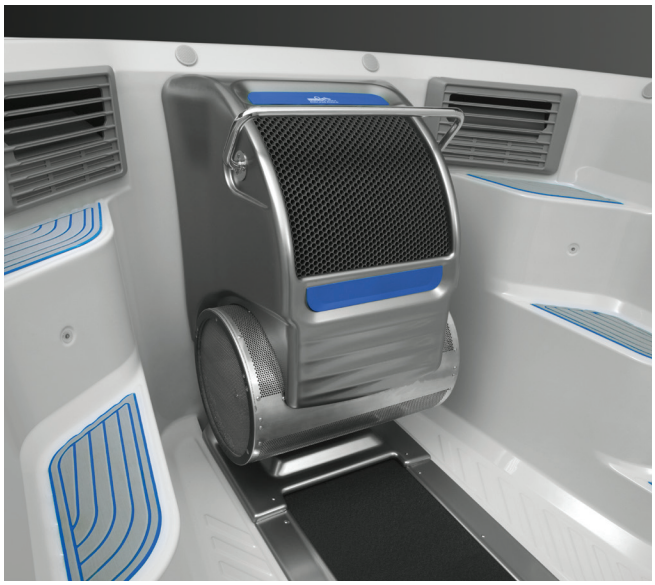

Two models from 458 cm (15 ft) to 610 cm (20 ft) lengths.
X2000, X500

R-SERIES WITH RECSPORT® TECHNOLOGY

Family time just got a whole lot better! We've packed all the fun and wellness benefits of an Endless Pools swim spa into our budget friendly R-Series. The RecSport current provides limitless options for exercise and play, turning your backyard into the ultimate party space.

Three models from 366 cm (12 ft) to 458 cm (15 ft) lengths.
R500, R220, R200

Do not leave children unattended or unsupervised when using Endless Pools products.

ENDLESS POOLS

Modular Pools

THE ANYWHERE POOL

Backyard. Sunroom. Basement. Garage. Rooftop. The most installation flexibility and design potential with a current or without.

ORIGINAL ENDLESS™ POOL WITH HYDRODRIVE™ TECHNOLOGY

Keep every family member healthy, active, and connected with the smart alternative to a traditional pool. All the functionality you need for swimming, fitness, therapy, and fun.

PERFORMANCE POOL WITH HYDRODRIVE™ PLUS

Our most popular upgrade will enhance swimming, fitness, and therapy. The smoother, deeper, wider current is more effective for training, yet gentle enough for your entire family.

ELITE POOL WITH HYDRODRIVE PRO™

For those who demand the ultimate in swim performance! Our very best swim, with a top pace of 0:56/100 m (0:51/100 yd). Train in the same pool as the pros!

Hydrodrive products range from 213 cm (7 ft) x 366 cm (12 ft) up to 305 cm (10 ft) x 488 cm (16ft)

STREAMLINE® POOL

Fun and flexible at a value price with everything you need for exercise, relaxation, and recreational swimming. A sleek design with many built in features, including an adjustable, airless jetted current.

One size 425 cm (13 ft 11 in) x 191 cm (6 ft 3 in)

WATERWELL® PLUNGE POOL

All the fun, fitness, and function without a current. Available in a wide range of sizes, it's perfect for those who want a smarter, more versatile pool option without traditional pool hassles.

Products range from 183 cm (6 ft) x 183 cm (6 ft) up to 488 cm (16 ft) x 488 cm (16 ft)

Do not leave pets unattended or unsupervised near Endless Pools products.

Bringing It Home

THE ENDLESS POOLS DIFFERENCE

When purchasing a swim spa or modular pool, there are many things to consider. The model and options you choose, the location of your pool, the complexity of your design, and site preparation can all affect the cost and duration of your installation.

As a manufacturer, our job is to ensure you receive a top-quality product. While we do not perform installations, Endless Pools is committed to providing you, your designers, and your contractors with the expertise and resources necessary to successfully complete your project. Endless Pools dealers and Product Specialists provide invaluable guidance throughout the process of purchasing and installing your pool or swim spa. Included with your Endless Pool purchase is lifetime access to our customer service team, so help is always a phone call away.

We're Here to Help

Purchasing any pool can appear complex, but with Endless Pools, you don't have to navigate it alone. We're experts at working with homeowners, builders, and designers to help make every step of the process easier. Before you get started, here are some things to think about.

WHERE WILL YOU PUT IT, AND HOW WILL YOU USE IT?

Where you install your Endless Pool and how you intend to use it will help determine the right product for you!

WHICH ENDLESS POOL IS RIGHT FOR YOU?

An all-in-one swim spa or customizable modular pool both offer versatility that a traditional pool just can't beat. Check out the options and choose the right one for you.
